Past Performance

About Us

Hoopoe Labs, incorporated in 2016, is a dependable supplier serving federal, state, commercial, and private sector clients across a broad range of industries. We specialize in the distribution of computer hardware, office supplies, industrial goods, furniture, and medical equipment, offering both new and refurbished solutions to meet varying operational needs and budget requirements.

With a strong network of manufacturers and distribution partners, we ensure the availability of high-quality, competitively priced products backed by responsive customer service and prompt delivery. Our experienced sales and procurement teams work closely with clients to provide tailored solutions that align with specific project goals, compliance standards, and procurement policies.

Whether supporting large-scale government contracts or day-to-day commercial operations, Hoopoe Labs is committed to delivering reliable products, cost-effective sourcing, and operational excellence at every step.
